

Air Conditioning Supplied & Installed

Mitsubishi Heavy Industries Specialist

Whisper-quiet comfort, installed right the first time.

Premium Mitsubishi Heavy Industries reverse-cycle systems with a full 5-year manufacturer warranty — sized right for your room, installed clean, no shortcuts.

SYSTEM SIZE	SUITS	FULLY INSTALLED FROM
2.5 kW	Bedroom / study	\$1,999
3.5 kW	Large bedroom / office	\$2,199
5.0 kW	Living room	\$2,749
7.1 kW	Open-plan living	\$3,299

Total prices — no hidden extras. Standard back-to-back install, single storey. Final price confirmed with free on-site quote.

If your home needs a little extra

- **Extra power circuit** **from \$499**
For older switchboards that can't safely run an aircon
- **Longer pipe run** **\$50 / m**
If the units can't sit directly back-to-back on one wall
- **Two-storey or tricky access** **on-site quote**
Priced upfront at your free quote — no surprises

Most standard homes don't need any of these.

Why Aterna Electrical

- Saturday installs — no day off work needed
- ARClick refrigerant licensed (L178283)
- QLD licensed electrical contractor (1509129)
- 5-year MHI manufacturer warranty
- One tradie, start to finish — no subbies
- Itemised quote before any work starts

Old switchboard? Upgrade from **\$1,499**

Ceramic fuses or no safety switches? Many older bayside homes need a board upgrade before air conditioning can be safely added. Safety switches on every circuit — done in half a day.
